# ICBM Meeting in Class

4:00pm September 8. 2011

## 1  Attendance

- Alex Nilson

- Brett Hitchcock

- Chaylo Laurino

- Scott Beddall

## 2  Questions for Customer

- Recapped our discussion from the previous meeting and came up with a few additional questions.

- What sort of password and username standards will the system be using?

- How much security will we need to implement?

- How many concurrent users does the system need to support?

## 3  Competing Products

- Looked at similar products to help get ideas.

- Products we looked at:

    - Base Camp
    - Trac
    - Mariner
    - Huddle
    - MSProject
